- Advanced electronic technology prevents rust and corrosion.
- Compatible with all new and used vehicles.
- Fits easily and acts as an innovative, eco-friendly alternative to petroleum-based chemical sprays.
- Warranty applies – details on last page.

Perfexion® Paint Protection

Beautiful and tough – shine like a diamond

FROM THE MOMENT it leaves the showroom your vehicle is under attack from the elements.

Perfexion® Paint Protection is like a safeguard for your car's exterior finish. Formulated using nanotechnology and UV stabilisers, the diamond-tough Perfexion® range protects your new car against the day-to-day hazards of car ownership.

Due to environmental regulations, paint formulations used on modern cars have changed to a softer, water-

based paint. Perfexion® has been formulated to protect these new paint systems found on your vehicle. Perfexion® Paint Protection is the ultimate paint coating.

Perfexion® Paint Protection ensures easier maintenance, better colour matching for touch-ups as well as improved UV protection to avoid colour fade and damage.

Welcome to a world with no more weekends wasted polishing and buffing your vehicle. With Perfexion® you can just wash and go.

How Perfexion® Paint Protection works

Perfexion® Paint Protection comes with a warranty* against;

- ◆ Oxidation, fading & discolouration.
- ◆ Loss of gloss.
- ◆ Water spotting caused by acid rain.
- ◆ Insect etching
- ◆ Tar and road grime damage.
- ◆ Natural environmental fallout.
- ◆ Bird and bat droppings.
- ◆ Tree sap stains.

NB: No annual inspections are required.

** Warranty details on the back page.*

Perfexion® Leather Protection

Guaranteed to keep your leather luxurious

ON A HOT summer's day the interior of your vehicle can become an oven that bakes surfaces and irreparably damages the integrity of the leather.

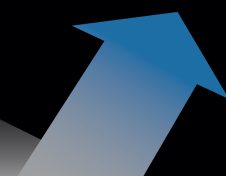

Perfexion® Leather Protection employs a special formulation that deeply nourishes and seals leather, maintaining and preserving the new car look and smell.

Keeping your leather truly clean and defending it against the build-up of grime and wear is a near impossible task.

That's where Perfexion® Leather Protection comes to your rescue. It has been specifically formulated to actively resist all common contaminants including dirt, perspiration and body oils. It also protects against UV exposure that causes fading and cracking, while repelling soil marks and water-based stains, making for easy cleaning.

Rest assured, no matter how hard you are on your leather, Perfexion® has got you covered.

How Perfexion® Leather Protection works

Perfexion® Leather Protection comes with a warranty* against;

- ◆ Fading and cracking.
- ◆ Food and drink stains.
- ◆ Perspiration stains.
- ◆ Dye transfer stains.
- ◆ Make-up stains.
- ◆ Ink markers.
- ◆ Pet stains.
- ◆ Odours.

NB: No annual inspections are required.

** Warranty details on the back page.*

Perfexion® Fabric Protection

Keeping fabrics factory fresh

THE ABSORBENCY OF most seat coverings and carpets in your vehicle, coupled with the inevitable scuffs and spills of everyday use, can become a real problem to keep clean and free from stains.

Perfexion® Fabric Protection is a water-based stain treatment. The binding agents within the formulation are designed to adhere quickly to the fibres of the material and ensure maximum protection against mould, mildew and bacteria. This in-turn reduces odours, dust mites and allergens in the fabric and carpet promoting a clean and fresh cabin environment.

The special formulation containing UV protectants maintains the long term integrity of your fabric, while the high-quality repellent qualities for water, grime and oil, ensure that the majority of messes can be removed easily before permanent staining occurs.

Perfexion® Fabric Protection comes with a warranty* against;

- ◆ Oil based food stains.
- ◆ Drinks and milk stains.
- ◆ Make-up and perspiration stains.
- ◆ Pet stains.
- ◆ Odours.
- ◆ General mud and dirt stains.

NB: No annual inspections are required.

** Warranty details on the back page.*

Perfexion® Vinyl Protection

Protecting your plastics

VINYLS AND PLASTICS used in modern vehicles may well seem tough and durable, but they still need to be cared for.

Perfexion® Vinyl Protection uses a special formulation including UV inhibitors to create a protective layer on the outer surface whilst preventing distortion, splitting and cracking.

For use on nylon, polypropylene, wool and many other interior fabrics and surfaces, Perfexion® Vinyl Protection creates the

ultimate defence against everyday wear, fading and stains, as well as protecting against UV rays.

Perfexion® Vinyl Protection comes with a warranty* against;

- ◆ Splitting and cracking.
- ◆ Perspiration stains.
- ◆ Make-up stains.
- ◆ Food and drink stains.
- ◆ Ink markers.
- ◆ Pet stains.
- ◆ Odours.

NB: No annual inspections are required.

** Warranty details on the back page.*

Perfexion® Electronic Rust Module

*Full corrosion protection – guaranteed**

WHEREVER YOU LIVE and however carefully you store your vehicle, you can be sure that its bodywork is under constant attack from the elements.

Harsh sun, acid rain, salt water and stone chips can all contribute to the likelihood of rust appearing.

The Perfexion® Electronic Rust Module is an electromagnetic surface protection system that is effective in reducing the rate of corrosion.

Using the professionally installed unit provides an eco-friendly alternative to petroleum-based chemical sprays, which gradually wash off into the environment and usually must be re-applied annually.

The Perfexion® Electronic Rust Module provides protection against surface rust caused by stone chips and scratches.

For premium surface rust and corrosion protection get a Perfexion® Electronic Rust Module.

** Warranty details on the back page.*

How the Perfexion® Electronic Rust Module works

THE ONE THING that most modern vehicles have in common is they are made from steel – and steel rusts.

Despite advances in almost every aspect of the motor industry this fact still exists. But, now there is a guaranteed solution* that goes beyond the manufacturer's limited rust warranties.

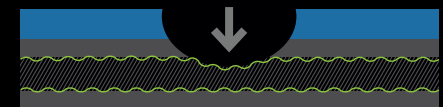

The Perfexion® Electronic Rust Module uses an electromagnetic rust inhibitor (PER-0913) that sends out a pulse-wave signal around the entire vehicle, both inside and out. This inhibits the oxidation process and protects the sheet metal surfaces of your car.

Backed up by over 14 years of research, the PER-0913 is proven to be effective.

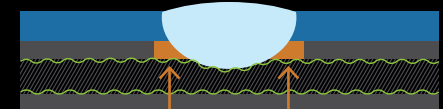

Using the Perfexion® Electronic Rust Module is the environmentally friendly alternative to win the battle against corrosion.

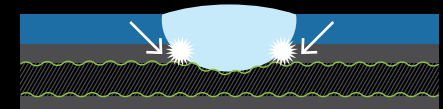

STEP ONE The Perfexion® Electronic Rust Module emits a surface pulse-wave current through both sides of the steel.

STEP TWO A scratch or stone penetrates the paint and exposes the steel.

STEP THREE Environmental moisture reacts with the Zinc to form Zinc Oxide.

STEP FOUR The Zinc Oxide is broken down by the electromagnetic current.

Perfexion® Superior Tint

Keeping you looking and feeling cool

THERE'S NO DOUBT that tinted windows on a vehicle look great. The fact that they help protect and reduce the temperature of your car's interior is an added bonus.

Perfexion® Superior Tint uses the darkest legal film to enhance the look of your vehicle and protect against the sun's harmful ultraviolet rays.

With an SPF of 285+ it is your ultimate protection against the harsh Australian sun. The unique scratch-resistant coating resists up to 99% of all UV rays while reflecting up to 60% of the heat and glare away from the cabin.

Perfexion® Superior Tint also promotes safety by retaining excellent optical clarity at all times. There is simply no better way to create improved cabin comfort and protection for you and your passengers.

Perfexion® Superior Tint comes with a warranty* against;

- ◆ Peeling, cracking or bubbling.
- ◆ Colour fading.

NB: No annual inspections are required.

** Warranty details on the back page.*

How Perfexion® Superior Tint works

Resists up to 99% of all UV rays.

Reflects up to 60% of solar heat and reduces glare.

Protects interior against sun damage and improves security.
